LOCATION

Helsingborg, Skåne, Sweden

LANGUAGES

Swedish

English

DRIVING LICENSE

B - Driving License, access to own car

TECHNICAL SKILLS

- C# |.NET | ASP.NET Core
- SQL Server
- JavaScript | TypeScript
- React, React Native
- HTML | CSS | Tailwind CSS
- Node.js | Express
- Responsive Design
- Git

PROFILE

Web developer with an eye for both code and design.

I create user-friendly, elegant, and functional interfaces – from concept to final product. With experience in React, TypeScript, and .NET, I've built real-world solutions that combine technology, design, and user needs. I take full ownership of the process – design, development, and delivery.

EXPERIENCE

FULLSTACK WEB DEVELOPER (Side project)

Brutal Beats | Remote   *March 2024 – March 2025*

Developing a website for Brutal Beats – a newly established booking agency. I was responsible for both design and code, chose technologies, and created press kits for the bands. The work also included contacting venues for collaborations.

Responsibilities:
- Domain registration and launch
- Producing press kits in both digital and print-ready formats
- Contacting venues for potential collaborations

Technologies & Tools:

React, TypeScript, Tailwind CSS, Git, VS Code, Photoshop, Illustrator

FULLSTACK WEB DEVELOPER (Internship & Side project)

Prodiges | Lund   *Jan 2024 – Sep 2024*

Internship at the startup Prodiges, which is developing a mobile app for high school students. After completing the internship, I was invited to continue working on the project. Worked according to agile methodologies.

Responsibilities:
- Leading role in frontend development
- Launching the iOS version via Mac environment
- API integrations and data management

Technologies & Tools:

React Native, TypeScript, Tailwind CSS, Firebase, Git, VS Code, Photoshop, Illustrator

PROGRAM

- Visual Studio & Code
- Postman | Insomnia
- Figma
- Adobe Photoshop | Illustrator Indesign

PERSONAL SKILLS

- Problem-solving & analytical thinking
- Team collaboration & communication
- Adaptability & continuous learning

OTHER SKILLS

API development, testing, UX/UI, Agile methods - Scrum

FRONTEND WEB DEVELOPMENT (LIA - Learning in Work)
Omegapoint | Malmö   *Sep 2023 – Dec 2023*

Developed a PIM system (Product Information Management) with full CRUD functionality. Worked in an agile environment.

Responsibilities:
- Fetching and handling data via APIs from the backend
- Building user interfaces for product data

Technologies & Tools:
React, TypeScript, React Query, Axios, Figma

BACKEND APP DEVELOPMENT (Side project)
Slowfashion | Remote   *Oct 2023 – Apr 2024*

Collaborated with backend developers to build a CRUD system for products and blog posts in a sustainability-focused app. Worked in an agile environment.

Responsibilities:
- Developing backend logic in ASP.NET
- API integration and code analysis

Technologies & Tools:
C#, ASP.NET Core Web API, PostgreSQL, DBeaver, Swagger, Postman, Git, Azure, Visual Studio

PRINTING / BOOKBINDING / WAREHOUSE, SYSTEM INTEGRATION (Side project)
Printagon Graphics | Helsingborg & Remote
Feb 2013 – Present

Developing an internal system to manage production, inventory, and workflow in a printing press environment.

Responsibilities:
- Requirements analysis in dialogue with the business
- UX/UI design in Figma
- Responsive frontend for internal use
- Role-based authentication system

Technologies & Tools:
C#, ASP.NET Core Web API, Swagger, SQL Server, React, TypeScript, Material UI

EDUCATION

FRONTEND WEB DEVELOPMENT
Medieinstitutet | Malmö   *Sep 2022 – May 2024*

Vocational education focused on React, TypeScript, UX/UI, and agile development.

WEB DEVELOPMENT (.NET)
EC Utbildning | Helsingborg   *Aug 2020 – Jun 2022*

Vocational education in backend/fullstack development with C#, ASP.NET, SQL, and system architecture.

GRAPHIC DESIGN
Fridhems Folk High School | Svalöv   *Aug 2005 – Jun 2006*

Graphic techniques, composition, color theory, typography, and illustration.

WEB DESIGN
Fridhems Folk High School | Svalöv   *Aug 2004 – Jun 2005*

Basic web design with focus on layout, Dreamweaver, and HTML.

System developer
& Creative Designer

Hello there!

I'm a curious problem-solver with a passion for programming and creativity in my blood. What I love most is taking ideas and turning them into user-friendly digital experiences.

My Journey in IT

It all started when I enrolled in a folk high school program in web design with general subjects. The following year, I deepened my knowledge in graphic design. My development journey took off with backend programmingin .NET, where I learned to write stable, efficient, and maintainable code. Curiosity then led me to frontend
development – where I discovered the power of JavaScript, React, and TypeScript. The combination of backend and frontend, along with experience in API development, has given me a broad technical foundation.

What I Can Offer

I'm not an expert in everything – but I'm a quick learner, unafraid of new challenges, and ready to contribute from day one.

My technical toolbox includes:
> **.NET / C# / ASP.NET Core**
> **React / JavaScript / TypeScript**
> **HTML / CSS / Tailwind CSS**
> **Database management and API integration**

What I don't know today, I'm more than willing to learn.

Right Now

I currently work at a printing company– but I devote my passion and energy to continuing my journey as a developer. In my free time, I work on several projects, including:
An internal inventory application for a company, where I combined database logic with user-friendly design. Other ongoing smaller projects for clients, where I get to develop both my technical and creative skills. You can read more about me and follow my continuously updated projects at: www.fianerd.se

More Than Just Code

In addition to technical skills, I bring:
> **A sharp eye for detail**
> **A positive, solution-oriented mindset**
> **A strong desire for continuous growth – both individually and in a team**

I look forward to being part of projects that inspire, challenge, and make a difference.
Thank you for taking the time to read!

Warm regards,
Sofia Travnicek Mattiasson
